OUTLINES.

Twenty-five houses are sinking into the earth at Pittsburg, Pa.; and their occupants have fled in terror.——Several breweries have united and are holding a meeting at Cincinnati to devise plans to fight local option in the South.——Two youths jumped overboard at sea and were drowned from the steamer Patria, which arrived in New York yesterday from her trip across the ocean.——The long bridge at Quebec, Canada, nearing completion, collapsed yesterday, carrying down hundreds of people into the water; fifty persons were drowned.——A passenger train on the Southern Railway collided with an engine on the track in Asheville yesterday, resulting in the injury of 30 people from several States; none were fatally hurt.——Mr. James L. Minitree, of Washington, D. C., well known in railroad circles, was found dead yesterday morning in a Pullman car berth at Petersburg, Va.——At Pottsville, Pa., yesterday, Thomas Laveile, a prominent hotel man, shot and killed his sister and sent a bullet into his own brain.——While the York county (Pa.) jail was being repaired yesterday, a scaffold 50 feet high was carried down when an 800-pound block of granite fell on it, two men were killed and two injured.——In passing beneath the arch of the Government pier at the Jamestown Exposition yesterday, the big motor boat of Captain Schneide, of New York, was severely damaged.——Militia has been ordered out at Tallahassee, Fla., to prevent the lynching of George Simms, a negro who killed a Georgia officer.——At St. Petersburg three men have been sentenced to death, five banished and others given severe sentences for plotting against the Czar——Congressman Loud declares that it is a waste of money to construct navy yards at Charleston and Portsmouth.——New York markets: Money on call firmer 2 1-2 to 3 3-4 per cent.; ruling rate 3, closed 2 1-2 to 3; spot cotton steady 13.55; flour quiet and about steady; wheat easy, No. 2 red 97 1-8 elevator and 97 7-8 f. o. b. afloat; corn steady, No. 2, 67 1-2 elevator and 67 3-4 f. o. b. afloat; oats easy, mixed 61; turpentine steady 58; rosin steady.

Next Monday is Labor Day.

As to the old time allegation that talk's cheap" it might be marked that reference was not made to the talk which we get over the long distance telephone.

This we take from the Newbern Sun: "Wanted: To know the location and salary of just one office that is hunting the man." Haven't seen any coming our way on anything like a hot trail.

An inventor has perfected a microscope which magnifies an object 16,000 times its natural size. We'd like to own it so we could lend it to Cortelyou to take a look at his Presidential boom.

A Republican contemporary says: "President Roosevelt stands by his guns." What worries us, however, is to have to wonder how it is that he can stand by so many of his sons-of-guns.

Remarks the Raleigh News and Observer: "It would be truly refreshing if the people of North Carolina now and then would rise up and nominate some modest and worthy man who was not seeking the office." The balance of us other modest men feel the same way about it.

In the London Strand an article on Big Game Hunters refers to such sportsmen as men who are "modest and dislike to relate their adventures." They have probably read what President Roosevelt writes about himself and the times he has had with big game.

"Love," says James Crichton Browne, "is a species of cerebral commotion and the stirring of some hitherto dormant association centers by an appropriate affirmative impression." This seems to show that Jim Crich has something wrong with his head or a man who is in love has lost his horse sense.

ACADEMY OPENS SEPT 13TH.

Black Patti's Troubadours Will be First Attraction of Season.

It is announced that the first attraction of the season at the Academy of Music will be Black Patti's Troubadours on the evening of September 13th. The formal opening of the Academy, however, will be a big minstrel production with the coming of Al G. Field on the evening of the 16th of September. The Field aggregation this season is said to be bigger and brighter than ever and as usual will pack the theatre from pit to dome.

As yet the list of attractions at the Academy has not been announced but it is said that there is every indication of a most successful season. While the attractions for September are said to be few there are many and distinguished ones in October and November which are really the two big theatrical months of the year.

STILL AFTER PLANT

Comptroller of Southern Railway Remains on Stand in Passenger Rate Hearing.

EXAMINATION BY JUSTICE

Conditions in General Along Line of Road are Spoken of by The Witness—Attitude of Public Towards Corporations.

(By Associated Press.)

Washington, D. C., Aug. 29.—Comptroller Plant, of the Southern Railway, was today again subjected to several hours of close and vigorous cross-examination in the North Carolina railroad rate case before Master in Chancery Montgomery. Speaker Justice, for the State, conducted the cross-examination and had not finished the inquisition when the hour of adjournment arrived.

Mr. Justice failed in his effort to draw from Comptroller Plant a statement that he could determine with mathematical accuracy the cost of doing an inter-State business in North Carolina on the Southern Railway. Mr. Plant did say, however, that he could determine the minimum cost of doing an intra-State business.

The question of the decrease in the net earnings of the Southern Railway was gone into very fully. Mr. Justice asked Mr. Plant if he thought the decrease in the earnings of his company was due to conditions peculiar to the present time or to conditions which have come to be permanent. Mr. Plant replied that the Southern Railway was confronted with two things, which, if continued, will not result in very much improvement in the situation. These conditions are, he said, the constant demands for increases in wages of employes, together with an upward tendency in the price of materials, and a desire on the part of the people of certains States to reduce rates and impose what he believed to be improper restrictions and penalties on railroads. Unless the people and the railroad work together, there would not be, he said, that measure of success both desired. The net results to the Southern system in the future, he added, would depend very largely upon the attitude of its patrons toward it.

"If we have favorable conditions along these lines," said Mr. Plant, "I believe the business prosperity of the country traversed by the Southern Railway will give us sufficient increase in our gross earnings to overcome the increases we are now called on to make in wages and materials."

Mr. Justice asked whether, "taking into account only passenger trains in North Carolina, that is, through trains from one point in the State to another, and local trains in the State," the Southern operated those trains at a loss. Mr. Plant replied:

"My judgment is that including those local trains running on the main lines with the local trains running on the branch or local lines, as distinguished from the through inter-State passenger trains, there is a loss in the local business, but taken as a whole, including the through passenger trains and the local passenger trains, I believe there is a margin of profit in the business as a whole."

A sharp tilt occurred between Mr. Justice and Mr. Plant just before the noon recess. Mr. Justice asked Mr. Plant if he could say how much more it would cost to carry a freight train with passengers than without passengers on the High Point and Asheboro line. Mr. Plant proceeded to answer the question in his own way, but Mr. Justice insisted upon a direct reply. Judge Montgomery informed the witness that he must answer "yes," or "no." Then Mr. Plant replied that the cost could not be determined accurately.

Death of Mrs. G. F. Quinn.

Friends in this city and elsewhere will regret to learn of the death of Mrs. G. F. Quinn, which occurred at 5:20 o'clock yesterday afternoon at the family home in this city, No. 916 North Fourth street. Mrs. Quinn had been practically an invalid for two years or more and while death was not unexpected, it came as a sad blow to family and friends. Mrs. Quinn was in the 41st year of her age, and is survived besides her husband, by four little sons and two little daughters. The funeral will be conducted from the family residence at 8:30 o'clock this morning and the interment will be at Long Creek, Pender county. Friends of the bereaved ones deeply sympathize with them in the loss which they have sustained.

BACK TO STATE COURT

Removal of Personal Inquiry Suits From South Carolina to Judge Pritchard Referred Back to the Home Jurisdiction.

(By Associated Press.)

Asheville, N. C., Aug. 29.—Judge J. C. Pritchard, in the United States Court rendered a decision today in the case of Charles J. Morrow vs. Charlotte Air Line Railway Company, remanded the case to the South Carolina Court.

Marrow sued the railway for $10,000 on account of personal damages sustained by him, the suit being entered in the State court of South Carolina. The railway company petitioned that the case be moved to the United States Circuit Court on the ground of diversity of citizenship. The railway company alleging that it was a citizen of North Carolina, while the plaintiff was a citizen of South Carolina.

Judge Pritchard after hearing the argument remanded the case to the South Carolina State Court from whence it was removed on the ground that the railway company was a domestic corporation.

C. P. Saunders, of Spartanburg, appeared for the railway and Stanyarne Wilson, also of Spartanburg, represented the plaintiff Morrow.

HEAVY DOWNPOUR YESTERDAY.

Inch and a Half of Rain Within an Hour—Streets Flooded.

Under lowering clouds from all directions, bringing on almost complete darkness and accompanied for a short time by a brilliant display of electricity, Wilmington yesterday experienced a downpour of more than an inch and a half rainfall from 2:30 to 3:30 o'clock in the afternoon. The streets were flooded and washouts were reported to the Streets and Wharves Department of the city from several sections. Princess street, from Second to Third, was a perfect expanse of water, and it was some time after the rain before the street was passable. At the Court House corner, the traps were inadequate to accommodate the incoming flow and the water spread out over Third street toward Brown's carriage shops, washing away a bridge or two and flowing in torrents into the deep cut back of the street line. A similar condition prevailed at Front and Dock to which depression the water was drained down Front street by the car tracks from Orange street. The first floor of the store of G. W. Linder & Co., on the corner, was all but inundated. The official precipitation was 1.51 inches, while the rainfall for the month thus far has been 10.17, which is way above normal with a record of three days yet to be added.

MAY BE A STORE BREAKER.

Jailer Capps and Constable Savage Think They Have Prisoner.

Yesterday morning about 3 o'clock Jailer E. S. Capps and Constable Savage arrested Joe Blocker, colored, in Hutaff's alley, the charge against him being suspicion of breaking into the store of Mr. R. K. Bryan, at Scott's Hill, about two weeks ago, the particulars of which are well remembered. The officers have been on a still hunt for Blocker for several days but until yesterday morning they were unable to spot their man. When arrested he stoutly denied that he was guilty of going into the Scott's Hill store, but after being placed in all and closely questioned, he admitted having been in Scott's Hill on the night of the robbery. His track also corresponds very closely with those seen around the store the morning after the store was entered.

Justice Furlong yesterday telegraphed Mr. Bryan of the arrest of Blocker and an officer will be here for him today. The alleged offense was committed in Pender county and he will have to be carried there for trial.

MESSENGER BOY INJURED

Ran Over on Bicycle by Prancing Horse on Front Street Yesterday

Clyde King, a Western Union messenger boy, was run over and severely injured on Front street nearly in front of the Y. M. C. A., yesterday afternoon about 5 o'clock by a fractious horse being ridden by a negro. The messenger boy was riding up the street and the horse became frightened at a passing car, pitching into the boy on his bicycle. The negro was thrown off face foremost and also injured to some extent but young King suffered worst, receiving a bad scalp wound and a bad contusion on the leg. He was picked up by persons passing and carried into the drug store of the J Hicks Bunting Company, where he received attention by Dr. Jos Akerman. Later he was sent to his home at 121 South Eighth street. The wheel of the lad was broken all to pieces. The negro rider of the horse is said to be blameless in the accident as the horse was clearly beyond his control and he himself was thrown with considerable violence to the paved street.

Illustrated Songs at Bijou.

A decidedly interesting and pleasing innovation at the Bijou, on North Front street, is the addition of illustrated songs to the regular bill of moving pictures. The songs are put on from 8 to 10 o'clock evenings and the singing is by Mrs. Percy Wells, wife of one of the managers, who has a charming voice and a delightful conception of the requirements of the position.

SOUTHERN'S APPEAL

After Further Sparring Before Supreme Court Case is Set For Sept. 17th.

DISAGREED ON THE RECORD

Fifth Annual Convention of State Farmers' Association is Continued. Session For Women—Local Tax Election in Sampson.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 29.—After listening to the reading of a lengthy statement from Judge B. F. Long, the trial judge, and an affidavit from Deputy Clerk Royster, setting out in detail answers to the petition from the Southern Railway Company, for a writ of certiorari in the appeal of the Southern Railway from the $30,000 fine imposed by Judge Long for violation of the passenger rate act, and argument by Col. Rodman for the railroad company and by ex-Governor Aycock for the State, the North Carolina Supreme Court today made an order for the argument of the appeal on its merits to be heard September 17th, the counsel for the Southern to, in the meantime, have the privilege of going through the case as made up on appeal in the office of the clerk and adjusting and amending it along lines agreed on.

The statement from Judge Long denied in toto that there was anything wrong with the case on appeal as he had made it or that the counsel for the Southern had not been given every opportunity to see that the record was fair to their client. Ex-Governor Aycock insisted that there was nothing wrong with the record and that the hearing shall be speedy and purely on its merits and not on technicalities.

Col. Rodman, for the Southern, reiterated that the records were defective in the matter that their affidavit had set out and that he was tired of hearing statements that they were to the contrary. There was considerable cross-firing between counsel and direct questioning by members of the Supreme Court bench before the ruling was finally reached that the regular hearing on the merits of the appeal should be fixed for September 17th. This was the day asked by Col. Rodman for the Southern, while Ex-Gov. Aycock asked that the hearing be during the week of September 10th.

Two additional rural school libraries and one supplementary library are reported from Moore county. News of an additional local tax district for improvement of schools also comes from Holly Grove township, Sampson county.

The morning session of the fifth annual State Farmers' Convention for the second day was devoted to methods of clutivating oats and corn. R. L. Shuford, of Newton, discussed oat culture. There was an exceptionally good address by C. B. Williams, of the experiment station, on the effect of "Good Seed and Effect on the Yield of Corn." Methods of harvesting the corn crop were discussed by A. L. French, of Rockingham county.

During the afternoon there were separate sessions of the cotton and the tobacco farmers. Before the cotton farmers S. H. Hobbs, of Sampson county, discussed the preparation of land for cotton. Dr. W. J. McLendon, of Anson county, presented the latest methods of cultivating cotton with a view to lessening cost of production. President C. C. Moore, of the North Carolina Division of the Southern Cotton Association, made a stirring speech on the work of securing co-operation in the gradual marketing of cotton, so as to maintain good prices. Many others took part in the discussion of all the principal topics considered.

During the session of the tobacco farmers a number of special topics were discussed. W. A. Petree, of Stokes county, presented "Methods of Preparation of Plant Beds and Fertilization of Tobacco." Seed selection was the theme of E. H. Matthewson of Appomattox, Va. Prof. F. L. Stevens, of the A. & M. College, discussed "Some Insects and Diseases of the Tobacco Plant and How to Combat Them," State Entomologist Franklin Sherman also spoke at length on this subject. There was also a discussion of "The Great Risks That Attend the Culture of Tobacco and the Remedy Therefor," participated in by J. O. W. Graveley, J. J. Laughinghouse and others.

Tonight there was an able address by Hon. W. M. Hays, assistant secretary of agriculture, Washington, D. C., on "Improvements in Rural Affairs."

In addition to the very creditable attendance of farmers and their wives, large numbers of people from the city are attending the Convention. A gratifying degree of success is being attained.

There were sessions today of the Woman's Department of the Farmers' State Convention, of which Mrs. F. L. Stevens, of Raleigh, is president. Mrs. W. S. Primrose delivered the address of welcome. The response was by Miss Josephine Scott, of Mebane. Mrs. Stevens delivered an address on "Woman's Organizations," and treated especially the benefits to be attained from organization of farmers' wives. Dr. Tait Butler, State Veterinarian and secretary of the State Convention, made a talk on "The Woman's Branch of the Farmers' Institute." There will be another session of the farmers' wives tomorrow, and the Farmers' Convention will be in session tomorrow, discussing principally dairying and live stock.

MRS. M. E. BRIDGERS DEAD

Passed Away Yesterday Morning at Summer Home of Family at Stamford, N. Y.—Remains Interred There Temporarily.

The distressing news of the death of Mrs. Margaret E. Bridgers, widow of the late lamented Robert R. Bridgers, for many years president of the old Wilmington and Weldon Railroad and one of the prime movers in the reorganization of this property into the Atlantic Coast Line system, was received by telegraph by friends in this city yesterday. Mrs. Bridgers passed away at the Summer home of the family in Stamford, New York, at 10 o'clock yesterday morning after an immediate critical illness of several days, and while her death was not unexpected, it came as a very sad blow to a host of friends in this city and elsewhere. All members of the family were with her when she passed away; also her pastor, Rev. R. W. Hogue, rector of St. James, who was summoned to be with her in her last moments several days ago.

Mrs. Bridgers was in the seventy-sixth year of her age and had been a resident of Wilmington since directly after the war. She was Miss Margaret Johnston, of Tarboro, N. C., and was married there to Mr. Bridgers in the sixties, her husband being for some years a prominent attorney of that city until called to the presidency of the Wilmington and Weldon Railroad with headquarters in this city. She was preceded to the grave by her husband some eighteen or twenty years ago and there are now left surviving of the immediate family only two daughters, Misses Emily and Mary Bridgers, and one of seven sons, Mr. George Bridgers, of Wilmington. There are a number of grandchildren, four of whom reside in Durham. Those who live in Wilmington are Burke H. Bridgers, Esq., Mr. Robert Bridgers and Misses Lucy, Margaret, Bessie, Ruth and Ernestine Bridgers.

The funeral of Mrs. Bridgers will be conducted at Stamford today by Rev. Mr. Hogue and the interment will be, temporarily at least, at that point, as this was understood to have been the wish of Mrs. Bridgers before she left Wilmington.

ALDERMEN TUESDAY NIGHT.

Regular Monthly Meeting of Board Postponed on Account Holiday.

Mayor Springer announced yesterday that the regular monthly meeting of the board of aldermen Monday night would be postponed until Tuesday night, as the date regularly set for the meeting falls on Labor Day, which is a National holiday. It is probable that the Mayor and a sufficient number of the aldermen will be present and a formal recess will be taken until the following night in order that any action taken at the deferred meeting may be perfectly legal.

As is well known, the important business for the meeting is the closing of the water works deal. The committee which this week tendered an offer to the Clarendon Water Works Company will make report and upon this report some action will be taken. It is known now that at the meeting officials of the water company will be present and will make a counter-proposition to the Board of Aldermen as a whole. It is known equally well that the Board of Aldermen will entertain no proposition from the water works people until after the committee has made report. It is stated upon high authority that the Board will stand pat on its offer of $125,0000 and that it will be up to the water company to take this sum or find itself in competition with a new plant operated by the municipality. A leading member of the Board said yesterday there was no disposition to club the water works company into an acceptance of the proposition but that both Boards felt that a very fair price had been offered and that the company should sell. However, these are matters for the city officials and the water works people to thresh out among themselves, both sides being eminently well prepared to sustain their interests.

GERMAN STEAMER ARRIVES

Hans Menzell Arrives From Bremerhaven With Kainit Cargo.

The German steamer Hans Menzell, 1,694 tons, Captain Jenssen, arrived in port yesterday with cargo of kainit from Bremerhaven for the Armour and Swift fertilizer works, taking a berth during the afternoon at the Carolina Central warehouses. The vessel is entered at the Custom House by Messrs. Alexander Sprunt & Son. The Menzell passed out of Bremerhaven Aug. 2nd but put back some hours later on account of the loss of an anchor and chain cable. These were supplied and she proceeded on her voyage to this port.

Among other expected arrivals of steamships here are the Marie Menzell, which sailed from Hamburg Aug. 9th, and the Thrift which clered Villa Real Aug. 13th, for this port. The latter is a Norwegian steamer of 1,359 tons burden. The master is Captain Hvistendahl. The Marie Menzell is a sister ship of the Hans Menzell and is 1,298 tons register, Captain Menzell, master.

FARMERS IN SADDLE

Value of Agricultural Products This Year as Estimated By Manufacturers' Record.

FORMER FIGURES SURPASSED

Yield This Year in South and West Will Be Phenomenally Large. Interesting Comparison For Several Seasons—Cotton.

(Special Star Correspondence.)

Baltimore, Aug. 29.—In this week's issue the Manufacturers' Record says: "Notwithstanding the fears in the early Summer that the long, cold Spring would bring disaster to the crops, it is now assured that Nature once more will bless this country with abundant harvests. It is true that the phenomenal yield of corn and wheat last year may not be quite equalled, but it is also true that the output will exceed the average of recent years, and at the same time the increase in the value of farm products is likely to far more than offset the decline in the aggregate yield. There may be a decrease in wheat of possibly 75,000,000 bushels, but with the price more than 20 cents a bushel above the corresponding time last year there ought to be a net increase of $75,000,000 to $100,000,000 in the value of the wheat crop over that of 1906. With an increase in the price of corn and cotton the falling off in these crops will likewise be doubtless offset by their higher values. Thus the farmers of the country are once more blessed with a vast income—an income so great as compared with five or six years ago that it is difficult to comprehend the magnitude of the gain. The value of farm products in different years has been as follows:

1880	$2,212,000,000
1890	$2,466,000,000
1900	$4,717,000,000
1905	$6,415,000,000
1906	$6,794,000,000
1907	(estimated) $7,000,000,000

"These figures bring out several remarkable facts. Between 1880 and 1890 there was a gain in the value of farm products of only $254,000,000. Between 1890 and 1900 there was a gain of almost exactly ten times as much, or $2,250,000,000. But possibly the most striking fact in this remarkable exhibit of increasing prosperity of the farmers is that the gain in the last seven years between 1900 and 1907 of $2,283,000,000 is only 9 per cent. less than the total gain of 20 years between 1880 and 1900. The increase in the last seven years of $2,283,000,000 is a gain of nearly 50 per cent. in that time. This gain in seven years is almost equal to the total value of the farm products of the country in 1890. In the latter year the per capita production of all engaged in agriculture was $287, almost exactly the same as in 1880, while at the present time the per capita of all engaged in agriculture is about $600.

"Under these remarkable conditions we can readily understand the wonderful change which has taken place in the financial condition of the farmers of the entire country. Burdened as the West was ten years ago with farm mortgages, and as the South was until to 1902 or 1903, both sections are now to a very large extent free from such indebtedness, the aggregate of farm loans probably being smaller than at any time since 1865. The prosperity of the farmers is seen not only in the paying off of hundreds of millions of farm mortgages and in the building of better homes, but also in the heavy deposits in the country banks throughout the West and South. Every banker in all the agricultural regions of the country has been impressed during the past few years with the great increase in the deposits of farmers, and in many portions of the South a large proportion of the deposits in country banks are made up of surplus accumulations of the agricultural classes. With such fundamentally sound conditions it is scarcely possible, however unwise may be the anti-corporation legislation of the day, for the country to again sink into the depths of panicky times such as we have had in the past. So far as the South is concerned, it is quite safe to count that this section will receive for its cotton and cottonseed an aggregate of $800,000,000. The world's demand for cotton has been growing at such a rapid pace that we are not likely to see low prices for a long time to come, if ever again; and whether this year's crop fulfills the estimate of the bulls or the bears, the price will doubtless be so regulated by market conditions as to give the great total of $800,000,000. Of this sum Europe will probably pay into the South to meet its bill for cotton at least $500,000,000, and with such conditions there must of necessity be great business activity."

Gun Shoot This Afternoon.

The regular weekly shoot of the Wilmington Gun Club will be held this afternoon at 3:30 o'clock and despite the rival attraction at the race track, it is hoped to have a large number of members present. The traps are in fine condition and if the weather is favorable there will be some good scores.

HIGH PRAISE FOR SENATOR OVERMAN.

The Cleveland Star, published at Shelby, N. C., and a true-blue Democratic paper, makes reference to Senator Overman in a manner that will be pleasing to that distinguished North Carolinian's friends in Wilmington and throughout eastern North Carolina. The Senator has hundreds of them and they will endorse all that is said of him. Says our esteemed Shelby contemporary:

"Words of praise are always pleasant to hear and are especially appreciative when coming from a high source, from one who occupies the position of vantage which makes the commendation of an authoritative nature. A Shelby gentleman who spent a few days not long since at a popular East Tennessee watering place had the pleasure of a rather intimate association with Senator McEnery, of Louisiana. Learning that the former was a North Carolinian, the conversation naturally drifted into the unfortunate railroad controversy which was then uppermost in the minds of nearly everybody, Carolinians especially.

"This discussion, of course, led to matters political, and Senator McEnery took occasion to speak in the highest possible terms of Senator Lee S. Overman. He said that by sheer force of ability he had risen steadily until he was now recognized as one of the brainiest, biggest men. He considered him a statesman of the highest type; of marvelous resources; of infinite tact and diplomacy, and above all, a man who accomplished things; who at all times kept at the forefront the interests of his State, and who served his constituency not only zealously, but in a way that brought results and reflected credit upon himself and his people.

"Speaking of possible opposition to re-election, he was earnest in the opinion that the retirement of Senator Overman would be not only a calamity to the State, but to the nation as well. He could scarcely conceive, however, that the people of North Carolina, noted for their sense of justice and fair play, could, for a moment, consent to the displacement of a public servant who has served them so faithfully and with such conspicuous ability, especially in view of the fact that Senator Overman is only now serving his first term.

"These words of commendation are indeed appreciated by Senator Overman's legion of friends throughout the State, not only because they are deserved, but because they come unbiased and unsought from one who knows whereof he speaks, for he has been in a position to know what manner of man he is. That he has fully measured up to every requirement of the high standard which the dignity of his office demanded is admittted by all. Then why displace him?"

We do not know that there is any serious intention on the part of anybody to displace Senator Overman, but while there are many men in North Carolina who would ably represent the State in the United States Senate, the people will go slow in cutting off Senator Overman with one term. We do not know of a Senator who in one term has made the reputation of Senator Overman, and all must agree that he has done honor to North Carolina at the National capital.

TEXTILE AND KNITTING INDUSTRY.

The State Bureau of Labor and Printing has just issued its annual report, dealing with manufacturing statistics in North Carolina. The report notes that there are in the State 318 textile mills and 50 knitting mills. From the Charlotte Chronicle we take this summary of the Bureau's statistics of these industries:

It gives account of 318 mills, about 98 per cent. of the State, which show an authorized capital of $41,278,160 and the employment of 2,588,114 spindles, 52,747 looms, 5,237 knitting machines and 115,671 horsepower. The total number of employes reported by 96 per cent. of the cotton, woolen and silk mills is 48,624, of which 22,878 are male and 18,558 are female adults, and 4 per cent. do not report the number employed. One hundred and twelve thousand, four hundred and twenty-seven are dependent upon the mills for a livelihood, and 18 per cent. do not report the number dependent. Eighty-seven per cent. of adult employes read and write, and seventy-nine per cent. of the children.

In response to the question with reference to children under twelve years of age working in factories, 84 per cent. of the manufacturers answer in the negative, 3 per cent. in the affirmative and 13 per cent. do not answer. Fifty-eight per cent. favor compulsory education, 15 per cent. oppose, and 27 per cent. express no opinion on the subject.

The average number of hours constituting a day's work is ten and four-fifths. Highest average wage for men, $2.42; lowest average for men, 77 cents; highest average for women, $1.18; lowest average for women, 64 cents; average wages of children about 54 cents. Forty-seven per cent. of the mills pay wages weekly; 43 per cent. pay semi-monthly; 7 per cent. pay monthly, 2 per cent. on demand, and one per cent. does not report upon this matter at all. Eighty-one per cent. report that wages have increased during the year; 8 per cent. say there has been no change, and 11 per cent. do not answer the question. Seventy per cent. report financial condition of employes good, 3 per cent. very good, 20 per cent. say it is fair, and 7 per cent. failed to respond to the inquiry.

The fifty knitting mills reporting this year show an aggregate authorized investment of $2,399,635; that 15,016 spindles, 5,237 machines, and 2,961 horsepower are employed in their operation. Total number of employes reported, 4,297, of which 1,196 are male and 2,275 are female adults. Five thousand nine hundred and eighty-six persons are dependent upon the earnings of these mill operatives for a livelihood, and 26 per cent. do not report the number dependent. Ninety-six per cent. of adult employes read and write and 95 per cent. of the children.

THE ATLANTIC MONTHLY.

The September number of the Atlantic Monthly has been received. It is one American publication of distinctive character and tone, and this popular publication is the same at all times in the class of its matter and in the lofty purposes which guide it. The distinctively high literary feature is well maintained by numerous superior stories and gems of poetry and besides there is the ever entertaining "Contributors' Club," and special articles by well known writers. Without mentioning all its excellent articles there is one by Anna A. Rogers that is of special interest at this time. Her subject is "Why American Marriages Fail." It is a timely discussion, but the magazine also contains others that are of equal interest. The Atlantic Monthly is sent a year for $4.00 and the price per copy is 35 cents. Address Houghton, Mifflin & Co., 4 Park street, Boston.

CURRENT COMMENT.

—The railways explain that they contribute $25,000,000 annually to the transportation of tramps. These are the wanderers who lead the ideal life. —Jacksonville Times-Union.

—If Odell has really backed Hughes for president against Taft, will the two be indicted for conspiracy against the president? Surely it is no light offense to deny that the president owns his own state and can deliver it at will.—Jacksonville Times-Union.

—Moody's Magazine says the attacks upon the railroads are due to the fact that at last we have a crop of passless statesmen. Also to the fact that more legislators are trying to pass for statesmen.—Washington Post.

—The Charlotte Chronicle wants to know how many counties are observing the State law which provides for display of the State flag during the sitting of the superior court. We are not able to state how many counties are observing the law; but we are prepared to state that Scotland county is not.—Lauringburg (N. C.) Exchange.

—It is understood that a movement has been started to induce President Latta, of the Four C's not to run his electric cars to the river on Sunday This is taking time by the forelock. It is quite likely that by the time the cars come along, some of the promoters of the movement will be among the first to hop on board.—Charlotte Chronicle.

—Editor Pepper, of the Danbury Reporter, was not at home, the Winston Sentinel says, when the libelous atack upon State Senator Buxton appeared in his paper. In this trouble he will have the sympathy of the craft, for all of us have to do daily with the individual who wants somebody or something roasted and yet wishes to keep in the background himself. Maybe when Senator Buxton gets through with his defarmer, who is said to be a Stokes county man, the ranks of this class will be thinned out.—Salisbury Post.

TWINKLINGS.

—"Did you notice Tilly's face today?" "No. What about it?" "Her powder rag exploded."—Milwaukee Sentinel.

—She (sentimentally)—Ah, Gaston, do you know what "to love" is? He—To love? Why, of course, it's a verb of the first conjugation.—Sourire.

—Maude—Mr. Antique has a face that grows on one. Florence—Yes, how fortunate it does not grow on more than one.—Montgomery Advertiser.

—"Does Jones think he is any better off since he got married?" "Yes. He says he has some one to thread his needle now when he wants to sew on a button."—Judge.

—Mrs. Malaprop—Did you hear about that poor man's accident while shavin'? It was an awful cat's thrope. Mrs. Browne (laughing)—An awful what? Mrs. Malaprop—Oh! it ain't no laughin' matter. He cut his jocular vein.—Catholic Standard and Times.

—Owner of Car (engaging a chauffeur)—Have you a recommendation from your last employer? Applicant for Situation—No, sir; but I can get one in a month or two. Owner of Car—Why the delay? Applicant for Situation—He's in the hospital.—London Opinion.

—"You know Withers?" "Quite well." "A sensible fellow." "Very." "He was not the sort of person who would rock a boat." "No, indeed." "Or point a loaded gun at a member of his family because he thought it was not loaded." "Hardly." "Yet he died from eating toadstools."—Birmingham Age-Herald.

They're Worth While.

MONOPOLIES AND RINGS.

Olden Time Schemes For Obtaining Wealth and Power.

The evil of monopolies and rings was known to ancients, Aristotle referring to them in his "Politics," and then, as now, it was found necessary to hold them in check by legislation. The monopolist was in Roman law called a dardanarius and punished under the Lex Julia de Annona. Monopolies of clothing, fish and all articles of food were prohibited by the Emperor Zeno under pain of confiscation and exile, so that it is certain that the rings of the ancient days were as mischievous as they are now. At Athens a law limited the amount of corn a man might buy. The earliest recorded instance we have was a corn ring.

There is an ancient tradition that the king who made Joseph his prime minister and committed into his hands the entire administration of Egypt was Apepi. Apepi was one of the shepherd kings and ruled over the whole of Egypt as Joseph's pharaoh seems to have done. The prime minister during seven years of remarkable plenty bought up every bushel of corn beyond the absolute needs of the Egyptians and stored it. During the terrible famine that followed he was able to get his own price and bartered corn successively for the Egyptian money, cattle and land and, taking one-fifth for pharaoh, made him supremely wealthy. It was not merely a provident act, but a very politic one, his policy being to centralize power in the monarch's hands.—London Answers.

Origin of Attar of Roses.

The preparation of the famous attar of roses, according to the Circle, seems to have been discovered by accident. From India we get the tradition. The favorite Sultana of Sehanghir caused a bath of rosewater to be prepared for her use. The burning sun of India brought its might upon the bath prepared in the royal garden and soon globules of oil were found floating upon the fragrant water. Deeming the bath impure and attempting to skim off the film, the attendants broke the globules, and at once the garden was filled with fragrance. The finest essence is not gathered from the rarest and most costly flowers, for the fragrant oil glands are most abundant in the petals of the free blooming, old, common kinds.

The Point of View.

"You can't get in here on a half ticket," exclaimed the doorkeeper at the circus.

"I thought I could," apologized the small town citizen. "I have a bad eye, and I only expected to see half of the show."

"Then you'll have to get two tickets," said the doorkeeper. "If you only have one good eye it'll take you twice as long to see the show."—Harper's Weekly.

TABLECLOTHS.

The "Doublers" and the "Bubbles" of Olden Times.

In the twelfth century the tablecloths were very large and were always laid on the table double. For a long time they were called "doublers" for that reason. The cloth was first placed so as to touch the floor on the side of the table at which the guests sat. Then all the cloth that remained was folded so that it just covered the table.

Charles V. had sixty-seven tablecloths which were from fifteen to twenty yards long and two yards wide. He had one cloth which was thirty-two yards long, and that had the arms of France embroidered on it in silk. All of these were fringed.

In the sixteenth century "doublers," or double cloths, were replaced by two tablecloths, one of which was small and was laid just as we lay ours today.

The other, which was put on over it, was large and of beautifully figured linen. It was skillfully folded in such a way that, as a book of that time says, "it resembled a winding river, gently ruffled by a little breeze, for among very many little folds were here and there great bubbles."

It must have required much art and care to make dishes, plates, saltcellars, sauce dishes and glasses stand steadily in the midst of this undulating sea and among those "bubbles" and puffy folds.

However, the fashion had only a short existence, as is apt to be the case with unpractical fashions, and toward the latter part of the century a single cloth, laid flat and touching the floor on all sides of the table, came into general use.

The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being strongly urged; careless then being fatal to longlevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine, that revitalizes every organ of the body. Guaranteed by R. R. Bellamy, Druggist. 50 cents.

To Drive Out Malaria And Build Up The System.

Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking. The formula is plainly printed on every bottle, showing it is simply Quinine and Iron in a tasteless form, and the most effectual form. For grown people and children 50c.

Belle of Virginia BLENDED RYE

When a man goes for a drink of Belle of Virginia Whiskey he hurries because he knows he will have a fine drink, and when he comes away he smiles and smacks his lips because he has had it. Belle of Virginia is a blended whiskey—a rye whiskey carefully and scientifically blended from fine, pure, old whiskies. It's a really good honest article and to those who like a blended whiskey it will give satisfaction clear down to the ground.

Sold at the places where gentlemen go to get a drink.

RULES GOVERNING THE CONTEST. READ THEM CAREFULLY:

A.—All subscriptions must be received at the regular published rate. No discounts or commussions whatever will be allowed.

B.—**No subscriptions will be received for a less time than three months.**

C—**Every subscription sent in under this offer must be a bone-fide new subscription to The Morning Star. No others will be received, and a careful investigation will be made to determine whether or not the name sent in is a new subscriber.**

D.—**Cash must accompany all orders.**

E.—All that is necessary to win any of the trips enumerated above is that the subscriptions sent in shall aggregate the amounts named. Orders need not be for yearly subscriptions only. In securing subscriptions the following ratio may be observed: Two six-months' subscriptions are equivalent to one yearly subscription; four three months' subscriptions are equivalent to one yearly subscription.

F—The names of new subscribers, and the amounts collected, should be **sent in as soon as obtained.** Receipts will be forwarded to the subscribers at once, and the amount placed to the credit of the contestant.

G.—This exceptional offer will remain open to all until September 1, 1907. If you get to work at once there is time a plenty for you to secure one of the best trips. You may visit the Exposition any time you please.

INFORMATION AS TO TICKETS.

Fifteen-day round trip tickets honored on Pullman Cars are now on sale every day by all the Railroads.

Ten-day coach excursion tickets will be on sale Tuesday of each week on and after the opening of the Exposition.

PERSONAL PARAGRAPHS.

—Mr. W. L. Wilhoite, of Charlotte, was registered at The Orton yesterday.

—Mr. C. M. James and Captain W. Q. Jeffords, of Florence, S. C., were here yesterday.

—Mr. J. B. Cox and wife were registered at The Orton from Savannah, Ga., yesterday.

—W. H. Pope, Esq., Atlantic Coast Line attorney at Fayetteville, was a guest at The Orton yesterday.

—Captain A. T. Clark, of Bolton, N. C., was in the city yesterday on business with the Waccamaw Lumber Company.

—Mr. E. L. Hall, of Charlotte, and Mr. E. J. Hill, of Warsaw, were among the arrivals at The Orton last evening.

—Whiteville News-Reporter: "Miss Irene Memory returned Friday from a visit to friends and relatives in Wilmington."

—Whiteville News-Reporter: "Mr. and Mrs. C. S. Smith spent the latter part of last week at Wilmington and Wrightsville."

—Whiteville News-Reporter: "The family of Mr. J. D. Hill have moved to Wilmington to live. Mr. Hill will continue his work here. We also learn that Mr. Furney Pierce and family have moved to Wilmington."

—Charlotte Observer: "Mrs. L. Leon, of Wilmington, who formerly lived in Charlotte, has arrived in the city from Saluda and is visiting her daughter, Mrs. John L. Delane, on North Tryon."

—Mr. and Mrs. E. L. Smith have returned from a delightful stay of ten days at Mount Airy, N. C. They were charmed with the mountain country and friends of Mrs. Smith will be delighted to know that she returns home greatly improved in health. Mr. and Mrs. Smith were accompanied on the trip by their children, who were also much benefitted by the trip.

BASEBALL THIS AFTERNOON.

Southside and City League Teams Play at Hilton Park.

Arrangements were perfected yesterday by President Alonzo Burriss, of the Southside Baseball League, and President J. E. Smith, of the City League, by which there will be a game at Hilton Park this afternoon, beginning at 4 o'clock, between a picked team from the City League and the Wilmington team of the Southside League. Quinan and Houston will compose the battery for the City League team and Mintz and Carr for the Southsiders. This will be the first game played between teams of the rival leagues and each side will put forth its best efforts to win. The game will be umpired by Mr. Louis Moore and it is hoped there will be a large crowd in attendance. The teams will be among the best from their respective associations and a fine article of the sport will be dished up.

Judgment Against Consolidated Co.

Justice George Harriss Wednesday afternoon gave judgment against the Consolidated Company in favor of Mrs. W. E. Mayo for wages alleged to be due by the defendant company for sevvices in connection with her management of the Lumina restaurant at Wrightsville Beach last Summer. At the hearing Mrs. Mayo was represented by Herbert McClammy, Esq., and the company by T. W. Davis, Esq. After argument by counsel and the hearing of all testimony, Justice Harriss announced judgment of $116.66 less a counter claim of $13.75 for gas and incidentals.

RACING MATINEE POSTPONED.

Heavy Downpour of Rain Yesterday—This Afternoon.

The race meet scheduled to be pulled off at the old Fir Grounds track and to be postponed yesterday afternoon on account of the very heavy downpour of rain at the hour scheduled for the events to begin. It is announced however, that the the events will be pulled off at the same hour this afternoon with no variation of the programme so far as is possible.

The rain was a decided disappointment to hundreds who had expected to be present for the matinee yesterday and had arranged to get out to the track by private conveyance. It had been arranged to run a wagonette line from Fourth and Nixon streets to the grounds, but of course the rain made this unnecessary. It is presumed that the same arrangements will be in effect today and that large crowds will take the wagonette from this junction with the street car line. No admission is charged to the races. The weather forecast last midnight is fair for this afternoon and the races will no doubt be pulled off in great shape.

Read The Star Business Locals.

LOCAL DOTS.

—F. A. Hufham, of Currie, N. C., lost his barn and all of his forage by fire last Tuesday night. The origin of the fire is unknown, but it is thought to have been incendiary.

—A building permit was granted yesterday to R. P. McClammy to erect a two-story, seven-room residence to cost $1,400 at Front and Queen streets.

—The steamer C. W. Lyon was down yesterday from Fayetteville with a good freight and passenger list, clearing in the afternoon for the return.

—Tom Council, colored, found loitering around Front street market house yesterday afternoon, was arrested by Officer S. A. Nichols and locked up at the police station charged with vagrancy.

—Mr. E. J. Howard, proprietor of the bar at the Hotel Tarrymoore, on Wrightsville Beach, left yesterday for Hallsboro, N. C., in response to a telegram stating that his residence there had been destroyed by fire. Mr. Howard's family occupied the house upon which full insurance was carried.

—Advices received yesterday were to the effect that the schooner Stanley H. Minor had arrived safely at New York. The Minor was temporarily repaired here and made the trip in tow of the tug Merritt without accident of any kind.

—A comparatively new bicycle owned by Willie Kelley, a messenger boy employed in the offices of R. G. Dun & Co., was stolen from the hallway of The Southern building early yesterday afternoon. A reward is offered for the return of the wheel at the police station.

—There were only two cases before the Mayor in the police court yesterday. Minnie Murphy, drunk and disorderly, was fined $5 and costs, while Andrew Anderson, charged with disorderly conduct, was let off with the costs. The former arrest was by Officer J. B. Hall and the latter by Officer Jesse Brown.

—J. T. English, a white man from the Sound, was arrested by Officer S. A. Nichols at Front street market yesterday afternoon, charged with cruelty to animals by working a mule to a cart, the animal having a very sore back. English gave bond for his appearance before the Mayor at noon today.

—Four large gondola cars have been ordered by the county to be used in hauling rock from the new quarry on the Rhodes place in East Wilmington. This will be over the spur track of the Consolidated Company, extending to the quarry from Seventeenth and Princess streets. The rock will be delivered under contract by the Consolidated Company.

—W. C. Norris, the middle-aged white man recently sentenced by Justice Furlong to 30 days on the county roads for unbecoming conduct toward the little daughter of Mr. George W. Millis, whom he was originally charged with having attempted to criminally assault, completed his sentence at the stockade yesterday and came into town to make preparations for returning to his home at or near Goldsboro.

—Whiteville News-Reporter: "In the office of the Clerk of the Court on Tuesday at 6 P. M., a meeting of the creditors of the Whiteville Furniture Company was held before Geo. H. Howell, of Wilmington, referee in bankruptcy. Col. A. C. Davis, of Goldsboro, and Donald McRackan, Esq., represented the creditors, and I. B. Tucker, Esq., the Furniture Company. J. R. Williamson was made trustee. The meeting adjourned for a further hearing at Wilmington on Tuesday, September 10th."

LABOR DAY ARRANGEMENTS.

F. W. Bonitz, Esq., the Orator—Prizes for Several Contests.

The committee in charge of the arrangements for the Labor Day celebration Monday announces that the orator of the occasion will be F. W. Bonitz, Esq., one of the leading younger members of the Wilmington bar, a graduate of the A. & M. College at Raleigh and the alumni orator for commencement at that institution last year. The committee accounts itself exceedingly fortunate in securing his services and assures the public something good in his address. The committee has also completed the prize list of the several athletic and aquatic events scheduled for the day. These are as follows:

Swimming Race in Banks Channel, first prize $5; second prize, $2.50.

Bicycle Race, half mile on beach, first prize, $3; second prize, $2.

Bicycle Race, one mile on beach, first prize, $3; second prize, $2.

Hundred Yards Dash, first prize, $2.50.

Quarter Mile Run, first prize, $2.50.

The entrance for all these events closes Saturday at 6 P. M. and all contestants should register their names at once with Chairman J. Lem King, at H. E. Longley & Co.'s, next to The Orton. An entrance fee of 25 cents will be charged in each and every event.

The line of march for the parade and the route with complete programme will be announced after the final meeting of the committee Saturday night.

EXCURSION LAST NIGHT.

Delightful Affair by Ladies of Immanuel Presbyterian Church.

Although the weather was against a very large attendance, the excursion last night on the steamer Wilmington under the auspices of Immanuel Presbyterian Church was a most delightful one in every respect. The party numbered 110 and the trip was entirely complimentary by Captain Harper. The steamer proceeded down the river as far as Crane Island and all the young people had a most delightful time. Ice cream and cake were served as refreshments and impromptu singing on the broad decks of the steamer contributed to the pleasure of the guests. The ladies of the church deeply appreciate Captain Harper's kindness in giving the excursion and also the presence of those who patronized the affair, which is for the benefit of contemplated interior improvements to the building.

MARRIAGE AT MAXTON.

Miss Sarah McLean Bride of Mr. James Eugene Morrison.

(Special Star Correspondence.)

Maxton, N. C., Aug. 29.—A beautiful wedding was celebrated in the Presbyterian Church here yesterday, when Mr. James Eugene Morrison led to the altar Miss Sarah McLean, the attractive young daughter of Mr. and Mrs. B. F. McLean, and they were made man and wife in an impressive ceremony performed by the Rev. H. G. Hill, D. D., the pastor of the congregation. The large church auditorium was beautifully decorated for the occasion and thronged with friends of the young people to witness the nuptial event.

The party entered the church to the strains of Mendelssohn's Wedding March as played by Miss Bee Weatherly, who presided at the organ. First came the ushers, Messrs. B. B. Hardison, W. H. Goodman, J. D. Croom, Jr., and D. C. McIver; then the bridesmaids by twos, Misses Bessie LeGwin, of Wilmington; Kate Thompson, Sallie Austin, Margaret Barnes, Bessie McNair, Ella McDaniel, of Bennettsville, S. C.; Charlotte Styron, of Wilmington, and Mattie Williams McLean. Then came the maid of honor, Miss Margaret Baldwin, immediately preceding the bride on the arm of her brother, Professor Frank McLean, by whom she was given away, after they had been joined at the altar by the groom, who entered with his best man, Mr. Alex McQueen.

The bride was charmingly gowned in white net over taffeta, her bridal veil being caught with orange blossoms, while she carried a bouquet of bride's roses and ferns. The maid of honor wore a becoming gown of white point d'sprit over taffeta, with pink girdle and carried pink roses. The bridesmaids wore white chiffon organdie, white sashes and carried garlands of clementias.

As the wedding ceremony was being performed Mrs. R. W. Williams charmingly sang, "Love Me and the World is Mine."

Following the wedding at the church an elegant reception was given the bridal party at the home of the bride's parents at which Mr. and Mrs. Morrison received the happiest felicitations of their many friends. The bride and groom left on the 8 o'clock train for Saluda, Asheville and other points in Western North Carolina, where they will spend their honeymoon. Returning they will be at home at Morven, N. C., where the groom is engaged in business.

Among the out-of-town guests for the wedding were Mrs. M. F. Croom and Miss Emma Belle LeGwin, of Wilmington.

PLOTTED AGAINST THE CZAR

Three Men to Be Hanged, Others to Be Banished.

(By Wire to The Morning Star.)

St. Petersburg, August 29.—The court martial which has been trying the eighteen persons accused of plotting against Emperor Nicholas and the government last May, has found three of them, Nikitenko, Simasky, alias "Puerkin" and Naumoff, guilty of organizing a plot, and sentenced them to death by hanging. Four others were found guilty of organizing a plot to overthrow the existing form of government. Three of these were sentenced to eight years imprisonment and one to four years penal servitude. Five of the prisoners were convicted of having "supported a conspiracy" and were condemned to banishment and the loss of all civil rights, while six persons, including, M. Feodossieff, a lawyer, and his wife, were acquitted.

KILLED SISTER, SHOT HIMSELF.

Insane Act of Prominent Pennsylvania Hotel Man.

(By Wire to the Morning Star.)

Pottsville, Pa., Aug. 29.—Thomas Lavelle, a prominent hotel keeper of Girardville, near here, shot and instantly killed his sister, Mary, while she was sleeping early today, and then sent a bullet into his own head which will cause his death. It is believed that Lavelle was temporarily insane when he committed the act. The sister was found in bed with a bullet in the left temple.

DIED.

QUINN—At the family residence in this city at 5:20 P. M., August 29th, 1907, MRS. G. F. QUINN, aged 40 years and one month.

Funeral this (Friday) morning at 8:30 o'clock from residence, 916 North Fourth street. Burial at Long Creek. Friends and acquaintances respectfully invited to attend.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other.

GUARANTEED UNDER THE FOOD AND DRUGS ACT, JUNE 30TH, 1906, SERIAL NUMBER 1098.

tuthsa-tf

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

MAN FELL THOUSAND FEET

Five Thousand People Witness Balloon Accident at Fair.

(By Wire to The Morning Star.)

Barnstable, Mass., August 29.—Nearly 5,000 persons at the Barnstable county fair saw "Professor" Maloney, a balloonist, drop a thousand feet to earth stike on the top of a cedar fence post and escape probably with his life. Maloney made his ascent this afternoon, and as the visotrs at the fair grounds gazed upward they saw that his attempts to cut his parachute were fruitless. A sharp easterly wind had blown the rope which connects with the knife amongst a mass of cords higher up and out of reach of the balloonist. For fully two miles Maloney floated along, the gas rapidly leaking from the big bag above him, and he prepared for the long drop. Maloney and the balloon came earthward rapidly. As it neared the earth the canvas fell about the body of the aeronaut and prevented him from seeing where he was falling. He struck in a half standing position on top of a big cedar post used by a farmer to mark off his field. His back was terribly torn and his left arm badly injured. A long line of automobiles, one carrying Governor Guild who was a visitor to the fair, rushed to the spot where Maloney had fallen. The man was picked up in a semi-conscious condition and was hurried to his hotel in Barnstable center. Physicians who attended Maloney say that he is not internally injured and will recover.

TRAGEDY IN DINING ROOM.

New Jersey Hotel Keeper Shot Wife, Daughter, Then Himself.

(By Wire to the Morning Star.)

Ocean Grove, N. J., Aug. 29.—In the presence of a number of boarders in the New Jersey House, a hotel of which he was the proprietor, Robert S. Gravatt, 47 years old, today shot and perhaps mortally wounded his wife, Irene; seriously wounded his 9-year-old daughter, Mollie, and then killed himself. Domestic trouble is said to have been the cause of the tragedy.

The couple quarrelled in the hotel dining room during the dinner hour. Gravatt pulled a revolver and began firing at his wife. She fell with a bullet in her leg and the child rushed between her parents to shield her mother and was shot in the thigh. When the child fell Gravatt fired two other bullets into his wife's prostrate body and then sent the remaining bullet into his own brain. Gravatt was well-to-do. Besides being proprietor of the hotel, where the tragedy occurred, he owned a stove store in Asbury Park.

TWO KILLED, TWO INJURED

Fifty Foot Scaffold Carried Down by Granite Block.

(By Wire to the Morning Star.)

York, Pa., August 29.—Two men were killed and two injured, one probably fatally by the falling of a scaffold today at the York county jail which is being rebuilt. The scaffold was wrecked by an 800 pound piece of granite falling on it, and the men were precipitated to the ground, a distance of fifty feet. The dead are:

Edward A. Cook, assistant foreman, Olean, N. Y.

William Frey, stonemason, York.

Injured:

T. E. Cunningham, stonemason, York, skull probably fractured and internal injuries.

Emory Pottorff, stonemason, York, leg broken and contusion of body.

YELLOW JACK IN CUBA.

Situation Among American Troops Improved.

(By Wire to the Morning Star.)

Washington, Aug. 29.—Governor Magoon today made the following report upon the yellow fever in Cuba, by cable to the War Department:

"Yellow fever situation Cienfuegos continues to improve. Scaffer, the last soldier to have the disease, was discharged yesterday. This gives the camp a clear record and no suspects.

"Cleaning gangs working in the town have cleared 1,406 houses and removed 501 cartloads of debris. Prospects excellent with every body cheerful and working hard."

A cablegram from Havana to the Marine Hospital Service reports the appearance of yellow fever at Campo, across the bay from Havana. There is one undoubted case and other suspected cases.

SWEDISH PRINCE IN NEW YORK.

Royally Entertained—Visited One of His Men at Hospital.

(By Wire to The Morning Star.)

New York, Aug. 29.—Prince Wilhelm, of Sweden, has spent a strenuous thirty-six hours in New York. This morning the Prince was driven in an automobile to Roosevelt hospital, where John Herson, a sailor of the Swedish cruiser Fylgia, lies near to death. The Prince was driven down town through the crowded streets to the Singer building, now under construction. The party was taken to the twenty-ninth floor, the topmost completed landing of the building, from which a splendid view of the city may be had. Tonight the royal visitor was the guest of honor at the most brilliant and elaborate banquet New Yorkers remember. The dinner was given by John Aspegran, president of the Swedish Chamber of Commerce, and Mrs. Aspedran. Covers were laid for forty-eight.

BOUT AT 'FRISCO.

Schreck Knocked Out by Al Kaufman Last Night.

(By Wire to the Morning Star.)

San Francisco, Aug. 29.—Al Kaufman tonight defeated Mike Schreck, of Cincinnati, in the seventh round. Kaufman in that round struck a low blow and the Easterner fell to the floor. He claimed he had been fouled but Referee Roche refused to allow the claim and as Schreck was not on his feet in ten seconds the fight was given to Kaufman. A physician who at once examined Schreck decided that there was no evidence that a foul blow had been struck. Kaufman had a slight lead up to the time the fight ended.

WARM WIRELETS.

The fast Frisco train known as the Meteor, which left St. Louis at 2:30 Wednesday afternoon and was due to arrive in Oklahoma City, Okla., at noon, ran into an open switch near Tulsa, I. T., at an early hour yesterday and was wrecked. A mail clerk and two passengers were seriously injured.

From Norfolk it is announced that, effective September 1, J. G. Cantrell, assistant general freight agent for the Seaboard Air Line Railway at Birmingham, Ala., is appointed general western freight agent of that system, with offices at St. Louis and supervision over the Cincinnati, Chicago, Kansas City, Memphis and Nashville agencies. E. T. Steele succeeds Mr. Cantrell at Birmingham.

The Seaboard Air line Railroad has announced that it will put in effect September 2nd the new passenger rate of 2 1-2 cents a mile ordered by the State Railroad Commission. The Commission will begin a hearing today on the request of the railroads in Georgia for a suspension of the order until January.

Announcement was made in New York yesterday that a committee consisting of the following had been formed by income bondholders of the Central Railroad of Georgia: C. Altschul, R. Walter Levy, Ernest Groesbeck, Frederick W. Scott, of Richmond, Va., and J. F. Minis, Savannah, Ga. The committee will meet in New York shortly and outline a plan of action.

LYNCHERS AFTER NEGRO

Militia Ordered Out by Governor of Florida.

(By Wire to The Morning Star.)

Tallahassee, Fla., August 29.—Governor Broward has ordered the local militia company to hold itself in readiness to protect George Simms, a Georgia negro, who, pursued by ten armed men in automobiles surrendered himself to the sheriff and is now in jail here. Simms is charged with killing Marshal Cargell, of Cairo, Ga., Tuesday night when a posse surrounded his house, seeking to capture a negro outlaw named Charlie Williams.

Atlanta, Ga., August 29.—According to specials received here, the negro Cohen Simms who asked for protection at Tallahassee, Fla., yesterday, was sent to Live Oak, Fla., last night accompanied by a small military guard. The guard was kept there until this morning when, there being no evidence of violence the guard was withdrawn. Simms it is charged shot and killed Marshal Cagell, of Cairo, Ga., Tuesday night. A posse had surrounded the negro's cabin to capture Charley Williams, a negro charged with killing Sheriff Tyrus, of Grady county, Georgia. Williams has not yet been captured.

Read Star Business Locals. They're Worth While

SPIRITS TURPENTINE

—Professor J. Allen Holt, of Oak Ridge Institute, has announced himself a candidate for the Democratic nomination in the Fifth District.

—Durham, August 28: Complaint was filed today in a suit against the Standard Oil Company, this suit being for damages in the sum of $20,000 and brought by Robert Perry, colored, administrator of Tom Lunsford, also colored, who was killed in an explosion at the oil works.

—Wadesboro Ansonian: Governor Glenn, said while in Wadesboro last week, that so far as he was concerned, the cases against the alleged lynchers of this county would be dropped. He said that he paid his attorneys for their services and would prosecute no further.

—Kenansville News: The James Sprunt institute will open for the fall term Tuesday. Great improvements have been made there and already $1,000 has been spent on the buildings and water works plant. The faculty will arrive this week and a large enrollment tha never is expected this term.

—Wadesboro Ansonian: From an acre of land which had just made a crop of peas, Mr. P. T. Rhyne gathered 900 large watermelons. These he sold at an average price of 15 cents each, thus making this acre of land yield him $135. From two rows about 200 yards in length, he sold $32.50 worth of cantalopes this year.

—Whiteville News Reporter: Every where we hear nothing but the best crop news. It was our pleasure a few days ago to be shown over the cotton crop of Mr. Ira Lennon eight miles from Whiteville and it was a sight good for sore eyes, the weed was ample and the fruit almost perfect. Mr. Lennon has promised us an article on his method of cotton culture which we hope to publish in the near future.

—Statesville, N. C., Aug. 28: Dr. Washington Byers, who was acting surgeon at Fort Caswell during the Civil war, died yesterday morning at the home of his son. A .H. Byers, in West Statesville. He was seventy-eight years old, and had been ill about three months. Death resulted from a complication of stomach troubles. The body was laid to rest in Pleasant Hill graveyard, six miles from town, this morning.

—Wilson, August 28: While up a few nights ago looking after some tobacco curing in his barn, Mr. Rufus Barnes, a prosperous farmer, was fired at three times by Rufus Deadman, a negro who works on the plantation. The negro has been arrested. He explains that he thought Mr. Barnes was Ransom Godwin, who recently killed his wife and is still at large. Speaking of Ransom Godwin—a reporter was talking with one of his sons last night. In a nutshell he says he thinks the old man is still in Johnston county; he could have been captured long ago but that every one seems to be afraid of him; think a reward should be offered for his apprehension.

—After January 1st, liquor can be legally sold in only sixteen counties in North Carolina. On Tuesday Plymouth voted prohibition by 69 to 20.

—Goldsboro Arugs: A farmer says he saw some hands picking cotton in a field yesterday, and that on light land the hot sun is opening it rapidly, but that most of the crop will be late.

—Oxford Ledger: A long delayed letter arrived in Oxford on the 12th of August to the astonishment of Postmaster Peace. It was addressed to Miss Sarah T. Clark, care of T. L. Venable, Oxford, N. C. and postmarked Syracuse, N. Y., June 11th, 1848. The question now arises where has this letter been for the past fifty-nine years.

—Lexington, Aug. 28: Ex-Sheriff T. F. S. Dorsett, who was defeated for re-election by Mr. A. T. Delap, republican, at the last election has executed a deed of trust with E. E. Raper, Esq., trustee, covering his entire personal property and real estate to protect his bondsmen and make good as far as possible any shortage that may appear after final settlement of taxes has been made with the county treasurer. This was done at a meeting of his bondsmen. From interested parties your correspondent ascertains that the ex-sheriff is behind in the neighborhood of $28,000. The same authorities state that there is about $4,000 uncollected taxes. They also state that the property turned over to the trustee will inventory about $15,000. This makes about $19,000 assets and will leave a shortage of about $9,000. This may be less than the amount, but it is believed to be close to the sum which Mr. Dorsett will owe. The sheriff gave bond in the sum of $33,000 for the county taxes, although $30,000 was all that was required, and he gave bond in the sum of $13,000 for the State taxes. The total amount is $46,000. The public funds are thus safely protected from loss. He has surrendered every cent that he owns, reserving nothing for himself or family. There has been no public explanation for the reason of his entanglement financially. At present he is in the livery business.

"Everybody Should Know."

says C. G. Hays, a prominent business man of Bluff, Mo., that Bucklen's Arnica Salve is the quickest and surest healing salve ever applied to a sore, burn or wound, or to a case of piles. I've used it and know what I'm talking about." Guaranteed by R. R. Bellamy, Druggist, 25c.

PORK—Out of season.

TURKEYS—Out of season.

THE COTTON MARKET.

(By Wire to The Morning Star.)

New York, August 29.—The cotton market was more or less irregular today but closed steady at a net advance of 3 to 8 points. Sales estimated at 275,000 bales. The opening was steady one point lower to 5 points higher, September being lower under some scattering liquidation, while later months were higher on better cables than expected, large English spot sales and bullish crop advices. There was a good demand for September right after the opening in spite of rumors that notices would be heavy tomorrow and the whole list firmed up during the early session with active months selling eleven points net higher on covering and bull support. A reaction of 3 to 4 points was followed by a second bulge during the middle session which carried the market to within a point or so of yesterday's high records but later prices eased off quite sharply under realizing and selling for a turn. The close was 2 to 3 points up from the lowest.

Receipts of cotton at the ports today 3,713 bales against 1,705 last week and 7,345 last year. For the week 20,000 bales against 11,574 last week and 74,582 last year. Today's receipts at New Orleans 30 bales against 304 last year and at Houston 3,383 bales against 8,505 last year.

Spot cotton closed steady; middling uplands 13.55; middling gulf 13.80; sales none.

Futures opened steady and closed steady.

LIVERPOOL MARKET.

(By Cable to The Morning Star.)

Liverpool, August 29.—Cotton: Spot in fair demand, prices 3 points lower; American middling fair 8.56; good middling 8.02; middling 7.46; low middling 7.06; good ordinary 6.32; ordinary 5.72.

The sales of the day were 14,000 bales of which 4,00 were for speculation and export and included 11,500 American. Receipts 100 bales, all American.

Futures opened quiet and closed firm; American middling G. O. C.: August 7:15 1-2; August and September 7.03 1-2; September and October 6.91; October and November 6.84; November and December 6.78 1-2; December and January 6.77; January and February 6.75 1-2; February and March 6.76; March and April 6.76 1-2; April and May 6.77; May and June 6.77 1-2.

FINANCIAL MARKET.

(By Wire to the Morning Star.)

New York, August 29.—Money on call firmer 2 1-2 to 3 3-4, ruling rate 3, closed 2 1-2 to 3. Time loans weaker, sixty days 6 per cent., ninety days 6 per cent., six months 7 per cent. Prime mercantile paper 6 to 6 1-2 per cent. Sterling exchange steady with actual business in bankers bills at 4.8660 for demand and at 4.8265 for sixty day bills. Commercial bills 4.82. Bar silver 67 7-8. Mexican dollars 52 1.2.

DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, Aug. 29.—The activity in the local jobbing houses continues to be the feature of the drygoods market. Buyers in large numbers were again seen on the floors today ordering goods for Fall requirements. Some goods for printcloths 1-16 below regular prices were rejected.

Endorsed By the County.

"The most popular remedy in Otsego County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by R. R. Bellamy's Drug Store. Price 50c and $1.00. Trial bottle free.

Pale Delicate Women and FGirls.

The Old Standard GROVES' TASTELESS CHILL TONIC, drives out malaria and builds up the system. For grown people and children, 50c.

Is a positive and guaranteed cure for constipation, indigestion, and all stomach, kidney and bladder troubles. The first dose gives relief and its continued use for a few weeks will eradicate every trace of disease from these most important organs, rendering them clean, healthy and wholesome. We know that it will cure quickly and permanently any disease affecting the

STOMACH, LIVER or KIDNEYS

If you are ailing or feeling out of sorts in any way, you should not fail to try this great remedy.

We guarantee every bottle; if it fails to cure, take the empty bottle back to your druggist and get your money back.

Kidney Trouble. One 50c bottle of Drake's Palmetto has cured me of kidney trouble. W. C. Hatch, East Westmoreland, N. H.

Stomach Trouble. I was a great sufferer, had to get up and walk the floor nights. Doctor said "It was gas on the stomach." I have not felt a particle of pain since taking Drake's Palmetto. I am 68 years of age. Geo. W. Drew, Upper Lake, N. Y.

Gravel of the Bladder. Four different physicians told me I must have an operation. I had gravel of the bladder, but got so weak could not. Had our druggist send for a bottle of Drake's Palmetto. I got immediate relief and three bottles made a well man of me. May God bless you and I hope you may prosper. E. C. Atherton, Durand, Michigan.

At all druggists; two sizes, 50 cents and $1.00. The Drake Co., Wheeling, W. Va.

ROOT BEER

A Drink of Quality

The highest standard of quality is uniform excellence. *Hagan's Root Beer* is a most delicious beverage made from the best selected materials, carefully brewed; and has a uniform goodness that places it above competition. SMALL OFFERINGS ON STOCK MARKET

Bigger Shrinkage in Volume of Dealings Than for Several Weeks,

WILL CLOSE ON SATURDAY

Suspension Will Be On Account of Labor Day—Money Situation Still Hampering Speculation—Crops Calling for Money.

(By Wire to The Morning Star.)

New York, Aug. 29.—The marked feature of the stock market continued today to be the relative smallness of the offerings for sale as compared with the late period of liquidation. At the same time there was a subsidence of the demand of an agressive sort which was in evidence yesterday. The reduction of the short interest as a result of that buying and the consequent diminution of the potential demand for stock were to be inferred from this. The consequence was a shrinkage in the volume of the dealings to a smaller aggregate than has been seen for several weeks past. The decision of the governors of the Stock Exchange on Saturday in compliance with the petition of members was an additional factor in prompting the curtailment of any new ventures pending the passing of the triple holiday. Trading was almost idle at times and the current of the price movement was feeble and hesitating. A rise in the call loan rate was a happening of some influence on stocks, as serving to emphasize the narrow margin of the available money resources. Some calling of loans was reported in preparation for settlements at the end of the month. Inroads upon the cash supplies of the New York banks for the week have reached considerable figures, as shown by the statement of sub-treasury operations, the government having absorbed $2,413,000 from the banks since the last bank statement. The large absorption by the New York sub-treasury compared with the small current surplus in the government revenues represents another phase of the interior demand for currency, interior banks drawing on their New York deposits to pay obligations to the government. It is this condition, which it is expected will be neutralized by the treasury plan for deposit in weekly installments of government funds in the national banks. The deposits for the present week, although reported from Washington as already assigned to the depositaries, have not made their appearance in any operations by the New York banks. Washington advices tend to modify the assumption that large blocks of the government deposits were to be placed directly with New York banks, the intention being held to apportion them as far as possible to the sections where demand is active for crop moving purposes.

Even in that case the effect would be to relieve correspondingly the demand upon the reserve centres. It is expected also that some of the interior banks, which receive assignments of the government deposits will turn them over to New York banks for lack of holdings of securities of the class demanded as collateral. In spite of the stiffening of the call loan rates the time loan market was weaker. The naming of full dividend rates on both classes of Erie preferred stocks was better than was expected, although the payment is to be made in ten-year warrant. The resort of the device of ten-year warrants for the dividends on Erie stocks made a fresh impression of the scarcity of capital and the shifts to which needy borrowers must expect to be forced. The raising of the question of the stability of dividend rates show New York Central again peculiarly sensitive, owing to the poor showing of earnings of that company for the first six months of 1907.

Bonds were steady. Total sales par value $890,000. United States 3's declined 3-8 per cent. on call. Total sales of stocks today were 315,600 shares.

BREWERS ARE ALARMED.

Uniting to Put Stop to Local Option Movement.

(By Wire to The Morning Star.)

Cincinnati, Ang. 29.—United action by leading brewers of the United States against the spread of local option was begun at a secret meeting here yesterday, news of which developed today. It is proposed to adopt a definite plan to stop the spread of local option especially in the South. This was the prime object of the meeting There was no formal call issued and no publicity of the fact that there was to be a meeting. Representative of breweries of Chicago, Milwaukee and St. Louis and Cincinnati were present.

DIED IN PULLMAN BERTH

James L. Minetree, of Washington, Victim of Heart Disease.

(By Wire to the Morning Star.)

Norfolk, Va., August 29.—James Lawrence Minetree, aged 30 years, of Washington, D. C., a locomotive salesman, representing a New York house, was found dead in the berth of a Pullman car upon the arrival of the Norfolk and Western train from the west at Petersburg today. The body was brought on to Norfolk and is still here. Mr. Minetree, who had been subject to heart trouble, boarded the train at Roanoke, Va., last night apparently in good health. He leaves a family in Washington. The deceased was a son of the late Colonel Jos. P. Minetree, formerly purchasing agent of the Southern Railway at Washington.

EIGHTY KILLED NEAR QUEBEC

Long Bridge Suddenly Collapsed and Carried Down Hundreds of People.

GREAT DISASTER FEARED

Bridge Was Mile and Half Long and Half of It Went Down—Probably Two Hundred Victims. Many Rescued.

(By Wire to The Morning Star.)

Quebec, Aug. 29.—Great Quebec bridge collapsed late this afternoon and now the vast mass of steel work lies a tangled wreck across the St. Lawrence channel. A careful estimate places the loss of life at eighty-four. The bridge fell at exactly 23 minutes to 6 this evening, just as many of the workmen were preparing to leave. The accident was so terrible in its effect in wiping out the lives of the men employed that very little is known as to the cause of the disaster.

Quebec, August 29.—A section of the new bridge across the St. Lawrence river, five miles below this city, collapsed late today carrying scores of bridge workers and mechanics into the water. It is estimated that the loss of life is more than eighty and may exceed that number by twenty. The bridge was about a mile and a half in length and half of it, from the south shore to mid-stream, crumbled up and dropped into the water. Ninety men were at work on this section of the structure and the whistle had just blown at 5:30 for the men to quit work for the day when there came a grinding sound from the bridge midstream. The men turned to see what had happened and an instant later the cry went up "the bridge is falling". The men made a rush shoreward but the distance was too great for them to escape. The fallen section of the bridge dragged others after it. The snapping girders and cables booming like a crash of artillery. Terror lent fleetness to the feet of the frightened workmen as they sped shoreward but only a few of them reached safety before the last piece of iron work on the southshore was dragged into the river. Near the shore the wreckage of the bridge did not go below the surface of the water and eight workmen who remained above water were rescued and taken to the hospital at Lewis. The steamer Glenmont had just cleared the bridge when the first section fell. The water thrown up by the debris went clear over the bridge of the steamer. The captain at once lowered boats. The small boats plied backward and forward over the sunken wreckage for half an hour but there was no sign of life. The twisted iron and steel had its victims in a terrible death grip. A few floating timbers and the broken strands of the bridge toward the north shore were the only signs that anything unusual had happened. There was not a ripple on the smooth surface of the St. Lawrence river as it swept along toward the Gulf. All the men drowned were employes of the Phoenixville Bridge Company and sub-contractors of Quebec and Montreal.

At 10 o'clock tonight sixteen bodies had been picked up and of the eight men in the Levis Hospital, two are not expected to live throughout the night.

The Quebec bridge was begun about seven years ago and it was to be finished in 1909. Subsidies had been granted by the federal and provincial governments and the city of Quebec and the estimated cost of the work was $10,000,000. The Pheonixville Bridge Company of Pennsylvania, had the contract for the construction of the bridge and were working from both sides of the river. The horror of the situation is increased by the fact that there are a number of wounded men pinned in the wreckage near the shore. Their groans and shrieks can be plainly heard by the crowds who have gathered at the water's edge but nothing so far can be done to relieve their sufferings. There are no searchlights available and by the feeble light of lanterns it is impossible to even locate some of the sufferers.

VILLAGE BEING ENGULFED.

Twenty-Five Houses Sinking Into Earth at Pittsburg.

(By Wire to the Morning Star).

Pittsburg, Aug. 29.—With their houses cracking, windows breaking, and chimneys sinking deep into the earth, several hundred foreigners have fled from their homes in Portvue, a southside suburb, fearing death in a landslide which threatens to engulf cut for additional tracks. The land below, the Pittsburg and Lake Erie Railroad Company started to make a cut for additions tracks. The land beneath the cut and hillside on which the houses stand is underlaid with soft shale and soapstone. The whole mass is slowly slipping toward the cut. During the past 24 hours the street for 100 yards with its houses dropped 300 feet below its original level, bursting gas mains and leaving half the village without lights or fire protection.

COURIER-JOURNAL BURNED.

Big Newspaper Fire in Louisville This Morning.

Louisville, Ky., Aug. 29.—12:45 A. M. The Courier-Journal building is on fire. The flames spread with remarkable rapidity and in a short time the third floor fell in. The building is five stories in height. The building of the Courier-Journal Printing Company is threatened.

At 1 o'clock the Courier-Journal building seemed doomed. It is believed all the employees escaped.

THIRTY INJURED IN COLLISION

Accident Happened to Passenger Train on Southern Railway in Asheville, N. C,.

DASHED INTO LOCOMATIVE

Both Engines and Combination Car Damaged—Persons Injured Were From Several States—Several Ladies Among Those Hurt.

THIRTY IN JURED

(By Wire to The Morning Star.)

Asheville, N. C., Aug. 29.—Passenger train No. 41 on the Southern Railway collided with an engine on the westbound main line in this city at 11 o'clock this morning, damaging both engines and the combination car. Thirty persons were injured, none fatally. The more severely injured: R. Y. Strubble, Fredericktown, O.; E. H. Jennings, Pittsburg, Pa.; Mrs. E. C. Browton, Americus, Ga.; Miss W. A. Collins, Hattiesburg, Miss.; Elias (colored), Asheville, N. C; Mrs. J. B. Smith, Atlanta, Ga.; Carrie McIver, Charlotte, N. C.; R. L. Cruikshank, Greenville, S. C.; J. J. Hardy, Americus, Ga.; Evelyn Dicks, Dunbarton, S. C.; J. R. Davis, Salisbury, N. C.; W. M. Shears, Atlanta; Miss Alice Holdenburg, New Orleans; J. B. Ensley, Sylva, N. C.; John Sample, Ninety Six, S. C.; Mrs. Elizabeth Chambliss, Tuskegee, Ala.; Miss W. L. Richardson, Conway, S. C.; Hazel C. Eckert, Asheville, N. C.; Miss G. B. Eckert, Asheville, N. C.

OSTEOPATHY ASSOCIATION.

Officers Elected at Jamestown Exposition—New Plan.

(By Wire to The Morning Star.)

Norfolk, Va., Aug. 29.—Today was observed as Osteopathy Day at the Jamestown Exposition with a special programme of addresses and music at Convention Hall, incident to the 11th annual convention of the American Osteopathy Association, now meeting at the Exposition.

The Association this afternoon elected the following officers:

President—Dr. F. E. Moore, LaGrand, Oregon.

First Vice President—Dr. E. H. Shackleford, Richmond, Va.

Second Vice President—Ada A. Achorn, Boston.

Secretary—Dr. H. L. Chles, Auburn, N. Y.

Treasurer—Dr. M. T. Hulett.

Trustees—Dr. W. W. Steele, Buffalo; Dr. F. M. Clark, Indianapolis, and Dr. M. K. Jones, Macon, Ga.

The association organized a delegate body composed of one member for every fifty active physicians in a State, to take over the detail work, and Dr. A. C. Wildreth, St. Louis, was named as president and Dr. C. B. Atzen secretary and treasurer.

FINE YACHT DAMAGED.

Was Wrecked Under Arch of Government Pier.

(By Wire to the Morning Star.)

Norfolk, Va., Aug. 29.—In passing beneath the arch of the Government pier at the Jamestown Exposition today the big motor boat Zorada, owned by Captain Anthony Schneider, Columbia Yacht Club, New York City, was seriously damaged, narrowly missed being entirely sunk, and the crew narrowly escaped drowning.

Almost all of the superstructure of the yacht was swept away by the collision, including masts, stancheons and a part of the cabin. It was thought that the span was high enough to permit the passage of the boat, but this proved to be a miscalculation, the tide not being taken into account.

The boat was heading the fleet that had arrived from New York, making the run down in five days and fifty-five minutes. The immediate warning given the other boats prevented any further accident.

The following boats arrived at the Exposition today: Rampant, owner E. L. Serrall, New York City; Tedde San, owner, Walter Boling, New York City; Rambler, Dr. R. L. Rowe, New York City, all coming direct from the Thousand Islands.

TWO SUICIDES AT SEA

Youths Jumped Overboard From Steamer Patria—Rescue Attempted.

(By Wire to the Morning Star.)

New York, August 29—Two suicides both by boys, occurred from the steamer Patria which arrived today from Hamburg, Boulogne, and Plymouth. Baruch Jaffe, a steerage passenger, aged 18, jumped overboard on August 19, and Henrich Herke, aged 18, a member of the crew jumped into the sea two days ago. In both cases the steamer was stopped and a search was made for the boys but without success.

TWO USELESS NAVY YARDS

Congressman Loud Begrudges Appropriation for Charleston.

(By Wire to the Morning Star.)

Newport, R. I., August 29.—Congressman George A. Loud a member of the house committee which is inspecting the naval stations along the Atlantic Seaboard, in an intereview today said that it was too bad that so much money should be appropriated for the maintenance of the Portsmouth, N. H., and Charleston, S. C., navy yards. He said that these yards were not a actually needed. Congressman Loud said that it was the plan to place a drydock in every navy yard in the United States.

SCHOONER WENT DOWN

Loaded Cars Plunged Down on Them From Pier.

(By Wire to the Morning Star.)

Glacebay, N. S., Aug. 29.—The schooner Electric Flash was sunk today and three men who were working on her deck narrowly escaped death when five big cars, two of them loaded with coal, pitched down from the end of the shipping pier sixty feet above, and landed on the deck of the schooner. The vessel filled with water and sank within a few minutes.

Low One Way Rates Via Seaboard.

Effective July 1st, the Seaboard put on sale tickets to all points in North Carolina at 2 1-4 cents per mile and intra-State milage books for $22.50 good for names that appear on cover This book is also good over the N. & W. and A. & A. we-fri-sat.

A North Carolina Company
For North Carolina Insurers

The North Carolina Home Insurance Company is the oldest State Company, having been organized in 1868. This Company has returned to its North Carolina policy holders Two Million Dollars to reimburse them for property destroyed by fire. Its policy is as strong as that of any company doing business in America. Your patronage is, therefore solicited.
